FUNny Animals

The world of animals surprises us more and more often. The biggest surprise, however, has certainly been - and dog and cat owners have surely known this for long - the growing awareness that animals resemble humans in many aspects. Animals have feelings, have memories, can remember things, and can solve complicated problems, and they can grieve. Whether monkey, pig, or frog.

In the form of erasers, with hands covering their eyes or making grimaces, they bring fun to our everyday lives. By the way: Many of the animal figures have been exclusively designed for the BRUNNEN Fun collections.

Fun Originals

At every appearance of these funny "originals", recipients are surprised by their resemblance with the true original. The inedible peanut, the plug for the kitchen sink, the cork that has never sealed a bottle of champagne ...

They are all part of the Fun Originals collection that will amaze and make their buyers smile. These pencils and erasers are the perfect little gifts for birthday invitations or casual meetups with friends. The attention will definitely be on the giver. Well-placed in the store, they can be real fast-movers.
